Member Access Only - Updated August 2025

Welcome to Your Crisis Navigation Toolkit

You're accessing resources unavailable anywhere else. These materials represent months of analysis, mathematical modeling, and real-world crisis preparation strategies tested by MTWX community members.

Current Crisis Metrics Dashboard

Updated Weekly - Members Only

Global Debt Sustainability Indicators

- **U.S. Debt Service Ratio:** 34.8% (Critical threshold: 40%)
- **Global Debt-to-GDP:** 87% (Historical crisis point: 90%+)
- **Cross-Border Capital Flows:** -\$2.3T annually (12-month trend)
- **Central Bank Coordination Index:** 2.3/10 (Declining rapidly)

Early Warning Signals This Week

● **CRITICAL:** Japanese government bond yields spiking despite BoJ intervention ● **WATCH:** European banking stress tests showing increased commercial real estate exposure ● **WATCH:** Corporate debt refinancing difficulties in US mid-cap companies

Member Alert Level: ORANGE - Accelerate preparation timeline

Immediate Action Protocols

Phase 1: 72-Hour Financial Defense (START HERE)

If you do nothing else, do these three things:

1. Debt Triage Assessment

- Calculate your variable rate debt exposure: \$_____
- Priority paydown target (highest variable rates first)
- Fixed-rate debt protection status ✓/X

2. Currency Exposure Analysis

- What % of your wealth is in USD? _____%
- What % in other currencies? _____%
- Physical metals allocation: _____% (Target: 10-20%)

3. Employment Dependency Check

- Government dependency level (direct + indirect): _____%
- Alternative income stream status: _____ (# of streams)
- Local economy skill assessment: High/Med/Low

Phase 2: 30-Day Portfolio Restructuring

Advanced member strategies:

Asset Reallocation Framework

- **Reduce:** Complex financial products, long-term bonds, high-leverage REITs
- **Maintain:** Income-producing local real estate, established businesses
- **Increase:** Physical assets, community investments, practical equipment

The MTWX 40-30-20-10 Crisis Portfolio

- 40%: Local, tangible, income-producing assets
- 30%: Multiple currency exposure (including metals)
- 20%: Essential skills and community relationships
- 10%: Liquid crisis opportunity fund

Phase 3: 90-Day Community Integration

Building beyond individual protection:

Local Resilience Network Development

- Identify 5 essential local businesses: _____
- Join/create mutual aid group: ✓/X
- Skill-sharing network participation: ✓/X
- Alternative currency system research: ✓/X

 - Skill banking systems implementation guides
-

Advanced Crisis Scenarios & Responses

Scenario A: Rapid Interest Rate Spike (6+ months)

Trigger: Debt service ratios exceed 40% threshold **Timeline:** 3-6 months from trigger event **Response Protocol:**

- Phase 1: Immediate variable debt elimination
- Phase 2: Fixed asset protection strategies
- Phase 3: Community resource pooling activation

Scenario B: Currency Crisis Cascade (12+ months)

Trigger: Major economy unable to service debt obligations **Timeline:** 12-18 months from initial event **Response Protocol:**

- Phase 1: Multi-currency preservation tactics
- Phase 2: Physical asset security enhancement
- Phase 3: Alternative trade system participation

Scenario C: Institutional Coordination Breakdown (18+ months)

Trigger: International monetary cooperation ends **Timeline:** 18+ months, potentially permanent **Response Protocol:**

- Phase 1: Complete local economy integration
 - Phase 2: Regional currency system development
 - Phase 3: New institutional arrangement participation
-
